About Pathways

Pathways Productions is a full-service advertising, marketing, event and publishing company serving the mind, body, spirit community since 1979. Through our quarterly and online publications, and our scheduled hosted events, we are committed to providing the public with free or affordable access to local resources that focus on holistic health and wellness practices, spirituality and personal growth, community activism and outreach, and stewardship to the environment. It is our intent to provide this access through information, ideas, events, goods and services.

Since the start, we have been a small, family run business, founded by Lou DeSaba, Pathways' long-time Publisher, who retired in Summer 2021 after almost 40 years at the helm. At present, we have a women-led team dedicated to helping all businesses—local, small, independent, women & minority-owned—succeed and thrive. Over the years, we have expanded our offerings to include live events, most notably the widely successful and always popular Natural Living Expo.

The articles and resources offered by Pathways Magazine and its affiliated hosted events demonstrate a common belief on the part of local individuals, businesses and contributors that sharing ideas and expertise builds community and commerce in a spirit of unity, cooperation and understanding while maintaining a high level of integrity, responsibility and service. Our names and our events reflect a
